Racing Results - Natural Bridge Speedway

Driving as if he owned the track, Ray Dovel of Elkton took home the first night win in modified racing at the Natural Bridge Speedway Friday. It would have been hard to improve upon his performance as he turned in the fast qualifying time trial to start on the pole and dominated each one of the 104 laps of the Firecracker 104. The job was not as easy as it appeared from the grandstands. He had to prove his expertise time after time to take home the holiday trophy presented at the conclusion of the feature by Little Miss Rockbridge, Lorrie Weeks of Rockbridge Baths.

The twenty sportsmen drew for position with Alan Mayberry of Appomattox and Joe Reid of Lynchburg in frontal positons. Hart on the second row, and point leader Doug Cole of Harrisville at the rear of the pack. With the throw of the green they all bunched up in the #1 turn necessitating a restart. The second attempt saw Mayberry leap to the lead with Hart glued to his bumper for thirteen laps. Wallace Proffitt of Lynchburg then made it into second position and poured the pressure on the leader.

Misfortune struck on the 24th lap as Proffitt attempted to take the lead from Mayberry on the inside of the #2 turn. Both went into tail spins as Hart shot into the lead. Finishing behind Don in the same lap were Johnny Brooks, Boone Kehrer, Forest Halterman Steve Kehrer, David Sibold, Mayberry, Frank Tanskeley, Proffitt, Gene Marshall.

The thirteen fender-benders certainly lived up to their name. The feature required a restart when they all attempted to take the #1 turn side by side. On the second attempt Robert Woodroof took the lead for two laps and then exchanged it with Jim Tennant of Milboro. Point leader Rex Phillips snatched it from the young driver on the 5th lap and held it until the final ¼ of a lap in the 15th when Eddie Snalnaker wheezed on by for the win. Several of the finishers were disqualified leaving Tennant in second position behind the leader followed by Bill Wright of Roanoke, Woodroof, Bobby Walters, Tommy Jamerson, Doc Crowe. Officials are determined to keep this class legal according to specified rules and vehicles will be checked weekly for irregularities.

Music Lessons For Young Children

Leslie Crowther and Kathy Beasley use body movement to accompany their singing.

Susan Carnefix discovers a rythm pattern in her work book.

Leading educators agree on the need for music training for children when they're most open to learning and feeling the many elements of music.

And many those educators enthusiastically endorse the Yamaha Music School, which has successfully introduced over a million-and-a-half four to six-year-olds to music.

The school doesn't start a child out on a particular instrument.

Its goal is not only performance, but also understanding and appreciation of music.

It focuses on ear training, the most valuable basic training in music (and the one indispensible course required by master teachers, music conservatories, conductors, etc.).
